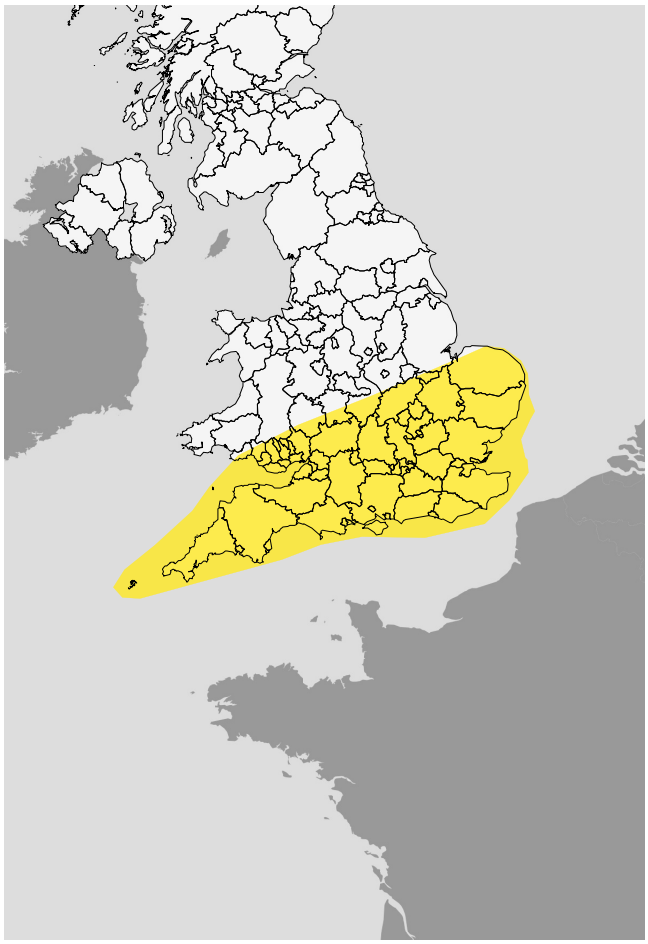
Yellow warning
Thunderstorm

Between
00:00 Fri 14 Aug 2020 and
23:59 Fri 14 Aug 2020



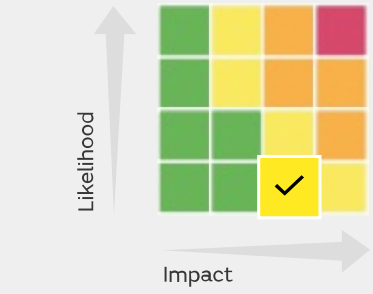
Further heavy showers and thunderstorms are expected in places, perhaps leading to flooding or travel disruption

What to expect

- Spray and sudden flooding could lead to difficult driving conditions and some road closures
- There is a small chance that homes and businesses could be flooded quickly, with damage to some buildings from floodwater or perhaps lightning strikes
- Where flooding or lightning strikes occur, there is a chance of delays and some cancellations to train and bus services
- There is a slight chance that power cuts could occur and other services to some homes and businesses could be lost

Further details

Areas of showers and thunderstorms, associated with the warm, humid air mass stranded across southern UK, are expected to continue through Friday. Many places will miss the worst of these, some staying completely dry; however where they do occur, heavy rain (20-30 mm in an hour, and perhaps as much as 50-70mm in 2 to 3 hours) is possible, as well as lightning strikes.



✓ Very low likelihood of medium impacts
